

Blessing Ogoh Onyowoicho

Frontend Engineer

PROFILE

I fuse technology, critical thinking, creativity and excellent time management skills into scalable, responsive, and accessible web apps. Emphasis on accessible. I preach the accessibility gospel.

WORK EXPERIENCE

FRONTEND ENGINEER

OZENAS MEDIA TECHNOLOGY

DEC 2023 - PRESENT

- Designed and implemented web applications using frontend technologies like **React** and **TailwindCSS**.
- Collaborated with web designers and backend engineers to improve user- experience and the usability of applications.
- Developing a real-estate technology solution that automates processes like bill payment, requesting for services etc.

FRONTEND ENGINEER

LETOR

SEPT 2023 - DEC 2024

- Created user-friendly web pages that are responsive, scalable and accessible.
- Carried out user-centred tests of the user interface to note and correct accessibility issues.
- Rewrote **HTML** to meet industry standards for **search engine optimisation**.

FRONTEND ACCESSIBILITY ENGINEER

JUPYTERHUB - OUTREACHY INTERNSHIP

OCT 2022 - MAR 2023

- Improved the accessibility of **JupyterHub**; an open source service used by millions of people that creates on-demand cloud-based Jupyter notebook servers.
- Evaluated JupyterHub's pages using **WAVE** accessibility testing tool and **axe DevTools** and proposed solutions to accessibility issues discovered.
- Implemented changes approved by the team and integrated accessibility testing into the development process, in collaboration with the Jupyter Accessibility team, to ensure a better job is done going forward.
